

D.I.Y. Synthetic Turf Pre- Installation Checklist

Installing synthetic turf for the first time? Use this Checklist as a guide to work out the requirements of your DIY installation. Complete the form, scan it and return it to us. We will return a recommendation and/or a quotation for all your materials.

Full Name: _____ Delivery Address _____

Contact Number: _____ Email Address for your Quote: _____

1) Tools Required: [O] = Optional

Ensure you have the following tools & equipment sourced:

Calculator	<input type="checkbox"/>	Measuring Tape	<input type="checkbox"/>	Plate Compactor [O] / Tamper	<input type="checkbox"/>
Can of Dymark [O]	<input type="checkbox"/>	Stanley Knife	<input type="checkbox"/>	Power Broom [O] / Thick Bristle Brush	<input type="checkbox"/>
Hammer	<input type="checkbox"/>	Wheelbarrow	<input type="checkbox"/>	Post Hole Shovel [O]	<input type="checkbox"/>
Hose & Nozzle	<input type="checkbox"/>	Square Mouth Shovel	<input type="checkbox"/>	Pressurised Spray Pack	<input type="checkbox"/>
Weed Killer	<input type="checkbox"/>				

Projects with Joins or Seams: Spiked Seam Roller [O] 6mm Notch Trowel

2) Dimensions of the Area

Using a tape measure, accurately measure out the area and transpose it to page 3 of this document. Draw the area scale (1:100) using a ruler and label dimensions. Ensure it is as accurate as possible. One square on page 3 equates to 1m x 1m. Use the metric system to simplify the quotation process (use metres or millimetres).

3) Consider the Type of Application / Project Requirements & lastly - Select your Product!

Answer the following questions to help our staff determine the best product for you. Select the relevant options.

Is it a busy foot-traffic area?	Heavy Use	<input type="checkbox"/>	Occasional Use	<input type="checkbox"/>	Rarely	<input type="checkbox"/>
Will Pets or Children use the area?	Frequently	<input type="checkbox"/>	Sometimes	<input type="checkbox"/>	Never	<input type="checkbox"/>
Will the area be used for Sports?	Frequently	<input type="checkbox"/>	Sometimes	<input type="checkbox"/>	Never	<input type="checkbox"/>
Will it be installed by a Pool Side?	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>		
Will it be installed on a Verge?	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>		
Will it be installed under Veranda?	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>		
Will it be installed on a Balcony?	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>		

Other: _____

Note: Products and further information can be found at www.titanturf.com.au/our-range

Use and refer to the product guide to help determine the best grass for your entertainment area.

D.I.Y. Synthetic Turf Pre- Installation Checklist

4) Speak to a Professional

When you have determined the dimensions of your area & considered the type of application, submit an enquiry to us. Our team will be able to help you finalise the remaining details and provide you with a suitable product recommendation and pricing. Diagrams are best scanned and emailed to info@titanturf.com.au

Additional Considerations

Will you need to hire a trailer to transport your materials or pay for delivery? (Titan Turf Rolls are 3.7m in length)

Have you considered where to source your Dolomite from? Talk to your local Landscape yard.

Do you need to hire a power-broom/plate compactor? Contact Kennards Hire for a rental price.

How many securing spikes will you need for the perimeter of your area? Allow for 1 no. 150mm 5.5G Galvanised Nail/Spike every half meter increment.

If you complete a join, will this save you on wastage? We are able to provide clear instructions on joins. Synthetic turf must be laid in the same direction, as it has a grain.

<https://vimeo.com/titanturf/joininginstructions>

If you're going to complete a join will you need Self Adhesive Tape (Best suited for 5m joins or smaller) or 300mm Wide Geotextile Cloth tape and Adhesive glue? (1L of glue covers 5m)

Will you purchase bagged infill sand from us (to place on the top of the turf to weight it down), or source in bulk and have it delivered from a local Landscape Yard?

Will your area require 'Cool & Fresh' infill for additional cooling and/or pet odour control?

If specialised pet-infill is not in the budget, have you considered P-Off Bio-Enzymatic Spray?

How much will these additional considerations cost?

Additional Notes / Synthetic Turf Product & Sundries Quantities Required:
